

VE 80

LOG DIAMETERS

80 cm

LOG LENGTH

0,7 m – 6.5 m
optionally extendable

STATIONARY

MOBILE

Product features:

- Entry into the professional sector with hydraulic log handling and blade tensioning
- Greater blade stability thanks to wide-band saw blades
- Perfect cut quality, high performance
- 100% hot-dip galvanized base frame
- Robust SERRA quality at an attractive entry-level price

SERRA

An affordable entry into Wide-Band Technology

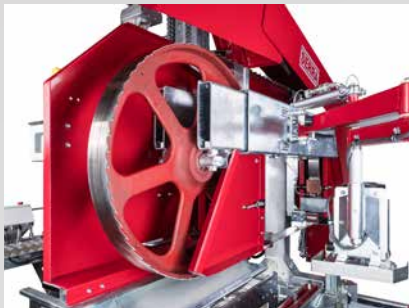

With the SERRA VE 80, the transition from narrow-band to professional wide-band technology is easier than ever before.

This high-performance block band sawmill combines the advantages of an 80 mm (3.15 in) wide band saw blade with SERRA's proven durability and quality—all at a particularly attractive price.

Whether you're a forestry operation, contract sawmill, agricultural business, or professional wood processor, the VE 80 is the ideal solution for anyone looking to boost productivity and take the next step in roundwood processing.
