

Econ Universal

Energy efficient condensing dryer universally configurable

Configurable nozzle placement, optional grids, and baskets

Your benefits summed up:

- Energy efficient and economical condensation drying GreenDry
- Disinfection & odor reduction with Sterex plasma technology, optionally available
- Optimum indoor climate because of the air circulation system – no moisture in the room
- Easy emptying of the water tank or direct emptying via on-site drainage
- Removable, ventilated stainless steel clothes hanger (Air Hanger)
- Easy operation thanks to digital control: Timer, weekly plan control

We only process hot galvanized high-quality thin-gage sheet metal. Together with our in-house powder coating, we ensure maximum corrosion protection.

- Variable rear panel for various drying nozzles and air hangers
- Optional: Grids, tanks, and baskets
- Optional: Premium hanger on up to 2 bars for hangers

Technical data

Drying system	GreenDry – Condensation drying with air circulation fan and heating system
Ambient temperature	Optimal 7 – 27°C
Dimensions (H x W x D)	2050 x 1200 x 760 mm
Weight	199 kg
Power consumption	1890 W (Sterex: 1900 W)
Supply voltage	230 V AC
