

Waxjet Pro

Hot Waxing Machine for Skis and Snowboards

The Waxjet Pro from WINTERSTEIGER provides excellent waxing results featuring a short heat-up time. The new heating system provides a precise temperature control, while using up to 60 % less energy than comparable products. The optional edge deburring wheel and the easy roll exchange offers a very user-friendly service.

Benefits:

- Low energy consumption (-60 % *)
- Excellent earnings growth
- Short heat-up time
- Precise temperature control
- Operation from both sides of the machine is possible
- Easy roll exchange
- Compact design for minimum footprint
- Optional edge deburring wheel

* Savings of up to 60 % over comparable products.
